The Billing Extract is available on the **Invoices** tab within the *My Business Account* application, accessible via the *Merchant Portal*.

The extract contains data on each transaction listed within a billing period for each CTI, and is usually made available for you to generate and download **1 working day after** your invoice is generated.

How to access the AP Billing Extract

Downloading the Billing Extract

1. Log in to *My Business Account* via [Merchant Portal](#).

* If you are a **Licensed Post Office (LPO) user**, navigate to the [Business Credit Account page](#) and login via the **‘Log in to your My Business Account’** button under the ‘Manage your account online’ section.

1 Select **Log in** at the top-right of the website, then select **Merchant Portal**

2 Enter your Australia Post email address and password, and click **Log in**

3 Select the **Launch app** button on the **My Business Account** tile.

2. Navigate to the **Invoices** tab and locate the invoice you wish to generate the billing extract for. If you want to search for a specific invoice, enter the invoice number into the **‘Find an invoice’** search bar and hit the red **Search** button.

Find an invoice

Enter invoice number

Invoices [Dispute an invoice](#)

Search by status: UNPAID

Filter by date issued: Date issued

Filter by invoice number: Invoice number

Status	Invoice	Billing extract	Due date	Outstanding(Pending)	Amount	
● DUE	1001234567 CSV EDE	Generate	21 Jul 2023	\$18,090.03(\$0.00)	\$18,090.03	<input type="button" value="Pay Now"/>

Total: \$18,090.03

How to access the AP Billing Extract

3. Click on **Generate** under the **Billing Extract** column. The Generate link should now be updated to **Generating** and you should see a banner at the top of the page to notify that your billing extract is being generated.

 You can download the billing extract for Invoice 1001234567 after it has completed generating.

Depending on the size of your invoice, it may take up to several minutes for the extract to be generated.

4. Click on **Download** once the extract has completed generating.

Status	Invoice	Billing extract	Due date	Outstanding(Pending)	Amount
● DUE	1001234567 CSV PDF	Download	21 Jul 2023	\$18,090.03(\$0.00)	\$18,090.03
					Total: \$18,090.03

Your AP Billing Extract for the corresponding Invoice will now be downloaded in **CSV format** in the form of a **Zipped File** to your local downloads folder. If the report generation is interrupted and a **Retry** link is shown in its place, click on **Retry** to attempt the process again.

Availability of the Extract

The extract will be available to download for **5 days** and is accessible to all *My Business Account* users from your organisation linked to the same billing account.

Once the **Download** link has expired, the Billing Extract will need to be generated again using the same steps above.

How to access the AP Billing Extract

Switching between Billing Accounts

My Business Account allows users to be linked to multiple Billing Accounts tagged to the same organisation. To simultaneously generate the AP Billing Extract across your various billing accounts, follow these steps.

1. Locate the **Account** dropdown above the **Find an invoice** search bar. This dropdown is available on all tabs within *My Business Account* and helps you identify which billing account you are currently viewing.

2. Click the dropdown arrow to view the list of billing accounts and select as required.

As it may take several minutes to complete the generation of a Billing Extract, you can switch between billing accounts to simultaneously generate the extracts and save some time.

Once the extracts have finished generating, you can switch back to the associated billing accounts to download the extracts.

While extracts can be simultaneously generated across multiple billing accounts linked to each *My Business Account* login, you can only generate **one extract at any one time per billing account**.

Using the Billing Extract

Your AP Billing Extract can be used to reconcile your Australia Post Consolidated Tax Invoice (CTI) of the same billing period.

In the extract, each line represents an individual transaction. In-depth manifest details of each transaction, like shipment details, services, costs and more, are broken down into columns.
